past decade there's been any improvement in the economy, especially in the last year?" Sanders asked, a microcosm of the public exchange. "The reality is that in the last three years, real unemployment has gone up, and the middle class in this country has been decimated. Real median family income has declined," he said. "In the

last quarter of 2014, median family income was down $600, and it will go down in the quarter ahead of us." "And we haven't seen meaningful infrastructure investment since the '90s," Sanders said. "In fact, President Clinton, in one of the first fights that she had, was talking about spending $275 billion on

infrastructure. And we have $137 billion on our balance sheet. $30 billion for veterans�

In designing a successful document management and information management program, you must also consider the products you will use with

your program. Which products will you use? What can you and your customers expect from the integrated system you implement? How will you accommodate each of the product's strengths and weaknesses? This chapter covers the DOCUMENT MANAGEMENT PROPERTIES OF OLD EMAIL, PDF, and OLE

objects in MSWord, as well as the strengths and weaknesses of each product. The chapter also covers the basics of storing documents in MSWord, such as managing document properties, saving and creating documents, and accessing documents. Finally, you will learn how to set up an Outlook /MSWord

integration and how to display your documents in Outlook using the ability of MSWord to import and display PDF documents. This chapter covers the INFORMATION MANAGEMENT PROPERTIES OF FOLDERS, OFFSETS, and various ASK features. You will see how to create folders, how to save and

create documents in folders, and how to work with PDFs. Also you will learn how to store and extract metadata, how to extract specific information, and how to link and dis-link files. You will see how to navigate in various folders, and how to navigate to related files using FIND, OFFSET, and other tools. Finally, you

will learn how to display your documents, in their best possible form. This chapter covers the DATA HANDLING PROPERTIES OF CROSS-FORMATE TRANSFORMATIONS (XFORM), COPIES, RECORDS, TRACKING, SUPPLYING, and the ability to move a document to different folders or to

other servers. You will see how to extract data from selected portions of the document; how to supply metadata, such as author, subject, and keywords; and how to copy and transform a document. This chapter covers the DATA MANAGEMENT PROPERTIES OF LINKS, ADDRESS BOOK, DOCUMENT PRIVACY,

SECURITY, and DOCKING. You will see how to connect documents with each other using links; how to create and manage address books; how to display the privacy settings for documents stored on your server; how to set up security settings; and how to dock documents for offline reading. This chapter covers the PRINT

MANAGEMENT PROPERTIES OF PRINT TEMPLATE, SETUP, SETTINGS, and SETUP. You 3e33713323
