Early this year 2016, Dance eJay 2 ended up as the most downloaded free music. + Used to Play the SONG - Groovehunter: - Spotify reworks Apple Music with more exclusive content, but remains first choice - hakan9 ===== ponker I thought that the U2 album, Pop, came out of nowhere. I don't remember anybody saying they were working on it. It was announced online. It didn't even have a title on most fan sites. And I thought its quality was amazing. I'm not saying they're doing anything wrong or that Apple Music is doing anything wrong. But I find it interesting that this was a surprise. ~~~ _curious_ I think you may be thinking of iTunes release date (8-28-16), not the Spotify release date (7-3-19) ~~~ mrguyorama Apple actually released the album _before_ that ~~~ stevenwoo They were on promo Christmas album, Artist of the Decade: U2, which I discovered several years ago at a local store in Mountain View, CA. It was stamped on the album covers on the 5 and 8 track CD's and the checkerboard have never been the same. Now I can look forward to owning U2 albums again. ----- stevenwoo I thought this article's link here was great too: [usi...](revenges-on-spotify-with-services-investment-agreements-infographic) ----- iwwr From the moment they started working with Disney, the quality of the streaming library has dramatically dropped. ~~~ hajile Its not really that surprising. Disney has streaming rights to all of their original content. I've long had the suspicion that Disney is more interested in advertising because most of their new content is CGI or references older content. ~~~ wmccullough The

AL) admitted on Sunday that he does not understand why Congress has passed legislation preventing the Environmental Protection Agency (EPA) from using certain regulations to control greenhouse gas emissions. "They've just passed a law, Congress passed a law and they are taking a role that Congress should have played," Brooks said on "Fox News Sunday." "Congress should have passed a law to say, 'You can't regulate CO2.'" ADVERTISEMENT Brooks has repeatedly fought against an EPA standard that would control carbon pollution. House Republicans have drafted legislation to strip the agency of its authority to regulate greenhouse gas emissions and price those emissions under the Clean Air Act, which they argue is unconstitutional. On Sunday, Brooks repeated his argument that there is no scientific consensus on carbon dioxide's warming effects and that other factors contribute to climate change. "The link between CO2 and
