· Find Historical Elden Lords and Gather Elden Rings to Become an Elden Lord The Elden Ring is the golden currency used in this world. The player who is the most powerful Elden Lord will obtain the Lightbringer. Although initially available to all players as it is a temporary quest, the player whose power and abilities are actually worth something can be called an "Elden Lord." In each of the Lands Between, there are powerful Elden Lords, and each lordship has a special title to give. You can obtain the title of "Elden Lord" by defeating the higher ranking Elden Lords in the corresponding region. The title of "Elden Lord" is only given to you if your power and abilities exceed that of the existing lords, which are ranked for you upon your starting. You can also choose the title of "Elden Lord" while you're still a commoner. After all, with your own title, the power of the lordship will be higher than it is for a player with no title. The player who is the most powerful in each land, however, will be able to choose the title of "Elden Lord" in each land. If there are other players who are stronger than you, they will be the one to receive the title of "Elden Lord" in each land. If you beat an Elden Lord with a lower rank, you will not be able to receive the title of "Elden Lord," nor will you receive the Reward. If you beat an Elden Lord with higher rank, you will receive the title of "Elden Lord" from the higher ranked one, but you will not receive the Reward for beating the higher ranked one. In the online mode, if you get a higher rank than a player in a specific region, you will receive the title of "Elden Lord" for defeating them. If the rank is lower than that of the player, you will receive the title of "Elden Lord" for defeating them. · If You Are Acquainted with Elden Lords of Other Lands, The Powers of the Lands Between Will be Increased. By maintaining a strong relationship with those who are higher ranked than you, and doing favors for them, the various powers of the Lands Between will be improved. These effects include increasing the number of followers, the impact of power-based Skill points, and the effect on power-based items.
